Jay, Debbie, Jjay & Sadie

Philippino kids get picked up for a 5,000-person kids rally. It's mind blowing what God did.

More than 2,000 children gather for a kids rally at a Kenya school. More than 1,000 kids gave their lives to the Lord.

A little girl worships God during our South Africa outreach.

The China school principal and his assistant, next to me, invited us to train their national leaders! What an open door.

These two young girls were part of the underground kids rally in China. Twelve kids and three adults got saved in communist China.

Some of the 200 youth we trained for ministry in Peru went in all directions to minister throughout their country a week later.

These are NOT fries, but fried bamboo worms. I ate about 50 of them for dinner while in Kunming, China. They were very tasty!

This Muslim girl gave her life to Jesus at a school rally in Kenya. We are seeing many Muslim children accepting Jesus.

Jjay (15), and Sadie (14), love to help in ministering to kids around the world. Debbie and I are so proud of them!

Our lives are affected every day as we travel the globe ministering to kids on every continent. The past six months have taken us to Indonesia, Mexico, Communist China, South Africa, and Peru. My life was touched as we went into the communist schools of Kunming China where we spoke to over 8,000 kids about choices and trust. The principal of the school of 4,000 is part of the communist party and he has invited us back to train their national leaders on how to communicate better to their students.

We then ministered in an underground church. They had never held a kids crusade until that day. They invited kids and adults from off the street to come in and see the program. They were hoping for 12, but they ended up with 60 people in this packed room. As I shared about trusting in the Lord, 15 people gave their lives to the Lord: 12 children and three adults. After the service, the pastor talked to the 15 and asked them if they realized what they had done. The 13-year-old girl said, "Yes, I have decided to follow Jesus, not Buddha." The next day all 15 showed up for Sunday church.

Yes, our lives are touched everyday as we train the leaders in these countries and as we minister to kids of every continent. In the past year we have seen over 32,000 children give their lives to the Lord. Yes, our lives are affected every day by what we see and by where we minister, but also by the power of Jesus to every child and adult we encounter. When we change a child for Christ, we can change the world.

We are booking services. If we could help you with children's ministries outreach or crusade, Sunday morning or evening service, or a life group, please contact us. We would love to be with you.

THANK YOU for your continued support of our ministry. If you would like to support us monthly or make a one-time donation, you may send tax-deductible contributions to:
